MEMORANDUM FOR THE RECORD

SUBJECT: Meeting with Jim Bush, HPSCI Staff, Concerning
his Upcoming Travel

(C) On Tuesday, 19 September 1978, I met with Jim Bush, House Permanent Select Committee on Intelligence (HPSCI) staff, and gave him a package of materials prepared by Don Gregg,

[redacted] The material consisted of a note from Mr. Gregg, a tentative trip schedule with dates by places and functions, a second schedule with dates by locations of arrivals and departures and the airlines involved, [redacted]

[redacted] Bush read these papers and appeared pleased with them as starting points. We then discussed the following items:

a. Bush wishes to have a short discussion with the Ambassador or DCM at each stop on the matter of how coordination of human intelligence takes place in the field between FSO, DAO, and CIA components. I said we would pass this to State and coordinate with them.

b. Bush wishes to carry classified material with him and would like us to give the necessary authority to do so. I told him this was not our preferred method, and we would get back to him on this proposal.

c. Bush asked that we see that he and Mike O'Neil, Chief Counsel of HPSCI, had proper visas and shots. I said we would make arrangements with State.

d. Bush said he wished to have a backup of materials for study here in Washington. He asked for State post reports and country notes and DAO profiles and requirements. I said we would coordinate.

e. I told Bush we would like a firm list of military intelligence activities he wished to visit so we could coordinate these visits with DIA and the local commanders. He said he would furnish such a list.

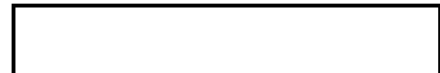

25X1

g. Bush asked if we had maps of each place to be visited which showed the location of all U.S. intelligence activities. I told him I had doubts that such maps existed in any one place in Washington, that he could probably be shown such information when he got to the field. Bush may wish to have such maps prepared for his eventual report. I will pass this to the Resource Management Staff.
